CONTENTS.—NO. X.

PART I.—ORIGINAL COMMUNICATIONS.

Page

ART. I.—Epilepsy terminating fatally; with Hypertrophy and induration of the cerebral substance, induced by excessive mental application; being a history of the case of the late SAMUEL FORRY, M.D., Editor of the New York Journal of Medicine and Surgery. By CHARLES A. LEE, M.D., Prof. of Mat. Med. and Pathology, in Geneva Medical College, 9

ART. II.—Case in which the Right Subclavian Artery was tied just as it passes the Scaleni Muscles, for an Aneurism of the Axilla, from a Gun-Shot Wound. By VALENTINE MOTT, M.D., Professor of Surgery in the University of New York, ... 16

ART. III.—On the Principles and Treatment of Fractures and Dislocations. By GEORGE O. JARVIS, M.D., ... 20

ART. IV.—On the Use of Iodide of Potassium in Asthma. By W. B. CASEY, M.D., of Middletown, Connecticut, ... 33

ART. V.—Case of Extensive Chronic Ulcer of the Abdomen. By D. CAMDEN DE LEON, M.D., U. S. Army, ... 35

ART. VI.—On the Nature and Uses of Aconitum Napellus. By JOHN C. PETERS, M.D., of New York, ... 38

ART. VII.—Extracts from the Recorded Proceedings of the New York Medical and Surgical Society, ... 43

PART II.—CRITICAL ANALYSIS.

ART. VIII.—New Elements of Operative Surgery. By ALF. A. L. M. VELPEAU, Professor of Surgical Clinique of the Faculty of Medicine of Paris, &c. Carefully revised, entirely remodelled, and augmented with a Treatise on Minor Surgery; illustrated by over three hundred engravings, incorporated with the text; accompanied with an Atlas, in quarto, of twenty-two plates, representing the principal operative processes, surgical instruments, &c. Translated by P. S. TOWNSEND, M.D., late Physician to the Seaman's Retreat, Staten Island, N. Y.; augmented by the addition of several hundred pages of entirely new matter, comprising the latest improvements and discoveries in Surgery in America and Europe, up to the present time, under the supervision of, and with notes and observations by, VALENTINE MOTT, M.D., Professor of the Operations of Surgery and Surgical and Pathological Anatomy, &c., &c., &c., in 3 vols. 8vo., vol. first, pp. 915. H. G. Langley: New York. 1845, ... 48

Page

ART. IX.—A Treatise on the Forces which produce the organization of Plants, with an Appendix containing several Memoirs on Capillary Attraction, Electricity, and the Chemical Action of Light. By JOHN WILLIAM DRAPER, M.D., Professor of Chemistry in the University of New York. 4to. pp. 216. New York: Harper & Brothers. 1844, . 60

ART. X.—An Essay on the Philosophy of Medical Science. By ELISHA BARTLETT, M.D., Professor of the Theory and Practice of Medicine in the University of Maryland. pp. 312. Philad.: Lea & Blanchard. 1844, ... 65

ART. XI.—Medical Lexicon of Modern Terminology, being a complete Vocabulary of Definitions, including all the technical terms employed by Writers and Teachers of Medical Science of the present day, &c. By DAVID MEREDITH REESE, A.M., M.D. New York: H. G. Langley. 1845. pp. 240, ... 83

ART. XII.—American Medical Biography, or Memoirs of Eminent Physicians, embracing principally those who have died since the publication of Dr. Thatcher's work on the same subject. With engravings. By STEPHEN W. WILLIAMS, M.D. Greenfield, Mass. 1844. 8vo. pp. 664, 83

ART. XIII.—The Philosophy of the London Medical Student, and Curiosities of Medical Experience. By PUNCH; with illustrations by LEECH. Philadelphia: Carey & Hart. 1844, ... 84

ART. XIV.—On the Formation of Professional Character, an Introductory Lecture. By JOHN P. HARRISON, M.D., Professor of Materia Medica and Therapeutics in the Medical College of Ohio. pp. 15. Cincinnati. 1844, ... 85

ART. XV.—The Practice of Artificial Dentistry, &c. By ARCHIBALD M'ILROY, Dentist. pp. 36. New York. 1844, ... 85

ART. XVI.—Reply of WM. DOWELL to Dr. Yandell's Rejoinder, in a Controversy relative to the Cure of Consumption. Louisville, Ky. 1844. pp. 30, ... 85

ART. XVII.—The Claims of Religion upon Medical Men. A Discourse delivered in the Tenth Presbyterian Church, Philadelphia. By H. A. BOARDMAN, Pastor of the Church. Philadelphia. 1844. pp. 24, . 86

ART. XVIII.—Lecture, introductory to the course of Medical Chemistry in the Medical Department of Pennsylvania College, Philadelphia. By WASHINGTON L. ATLEE, M.D. Philadelphia. 1844, ... 90

ART. XIX.—The Cyclopædia of Practical Medicine. Parts XVIII., XIX., XX. Philadelphia: Lea & Blanchard. 1844, ... 91

ART. XX.—An Introductory Discourse on Medical Education. By CHARLES A. LEE, A.M., M.D., Professor of General Pathology and Materia Medica in Geneva College. Geneva. 1844. pp. 40, ... 91

ART. XXI.—Lectures on the Theory and Practice of Physic. By JOHN BELL, M.D., and by WILLIAM STOKES, M.D. Third edition. 2 vols. 8vo. Philadelphia, 1845: Barrington & Haswell, ... 91

ART. XXII.—Introductory Lecture to a course of Chemistry, delivered by Professor DRAPER, on the relations of Atmospheric Air to Animals and Plants. pp. 16. 1844–5, ... 96

Page

ART. XXIII.—Philosophy of Animated Existence; or, Sketches of Living Physics; with Discussions of Physiology Philosophical. To which is added a Brief Account of the Middle Regions of Georgia. By JOHN B. GORMAN, M.D. pp. 570. Philadelphia. 1845, . . . 97

PART III.—1. FOREIGN MEDICAL INTELLIGENCE.

ANATOMY AND PHYSIOLOGY.

1. Case of Malformation of the Genitals, in which a child, two months old, christened, and always considered as a female, proved to be a boy . 105

Resolutions Complimentary to Dr. Wagstaff; Private Medical Instruction, 143
Publisher's Threat, ... ib.
Election of Dr. Patterson to the Presidency of the American Philosophical Society, ... 144
The Southern Medical and Surgical Journal, ... ib.
Compliment to Dr. Lee, ... ib.
Drawing Teeth in Africa, ... ib.

TO READERS AND CORRESPONDENTS.

The premature death of the late and lamented Editor of this journal, has rendered it necessary for the Publisher to seek a successor; and whilst he is engaged in selecting one who shall be both willing and competent to undertake the arduous duties so faithfully and satisfactorily fulfilled by Dr. Forry, the care of supervising and editing the present number has been entrusted to a gentleman who consented to undertake the charge, and who avails himself of the present opportunity to acknowledge the kindness of those friends who have aided him with their valuable assistance.

We acknowledge the receipt of the following works:

New Elements of Operative Surgery. By Alf. A. L. M. Velpeau, Professor of Surgical Clinique of the Faculty of Medicine of Paris, &c.; carefully revised, entirely remodelled, and augmented with a Treatise on Minor Surgery; illustrated by over three hundred engravings, incorporated with the text; accompanied with an Atlas, in quarto, of twenty-two plates, representing the principal operative processes, surgical instruments, &c. Translated by P. S. Townsend, M.D., late Physician to the Seaman's Retreat, Staten Island, N. Y.; augmented by the addition of several hundred pages of entirely new matter, comprising the latest improvements and discoveries in Surgery in America and Europe, up to the present time. Under the supervision of, and with notes and observation by, Valentine Mott, M.D., Professor of the Operations of Surgery with Surgical and Pathological Anatomy, &c., &c., &c., in 3 vols 8vo., vol. first, pp. 915. H. G. Langley: New York. 1845. (From the Publisher.)

A Treatise on the Forces which produce the organization of Plants, with an Appendix containing several Memoirs on Capillary Attraction, Electricity, and the Chemical Action of Light. By John William Draper, M.D., Professor of Chemistry in the University of New York. 4to. pp. 216. New York: Harper & Brothers. 1844. (From the Publishers.)

An Essay on the Philosophy of Medical Science. By Elisha Bartlett, M.D., Professor of the Theory and Practice of Medicine in the University of Maryland. pp. 312. Philadelphia: Lea & Blanchard. 1844.

Medical Lexicon of Modern Terminology, being a complete Vocabulary of Definitions, including all the technical terms employed by Writers and Teachers of Medical Science of the present day, &c. By David Meredith Reese, A.M., M.D. New York: H. G. Langley. 1845. pp. 240. (From the Publisher.)

American Medical Biography, or Memoirs of Eminent Physicians, embracing principally those who have died since the publication of Dr. Thatcher's work on the same subject. With engravings. By Stephen W. Williams, M.D. Greenfield, Mass. 1844. 8vo. pp. 664. (From the Author.)

The Physiology of the London Medical Student, and Curiosities of Medical Experience. By Punch; with Illustrations by Leech. Philadelphia: Carey & Hart. 1844. (From the Publishers.)

On the Formation of Professional Character, an Introductory Lecture. By John P. Harrison, M.D., Professor of Materia Medica and Therapeutics in the Medical College of Ohio. pp. 15. Cincinnati. 1844.

The Practice of Artificial Dentistry, &c. By ARCHIBALD M'ILROY, Dentist. pp. 36. New York. 1844.

Reply of WM. M'DOWELL to Dr. Yandell's Rejoinder, in a Controversy relative to the Cure of Consumption. Louisville, Ky. 1844. pp. 30.

The Claims of Religion upon Medical Men. A Discourse delivered in the Tenth Presbyterian Church, Philadelphia. By H. A. BOARDMAN, Pastor of the Church. Philadelphia. 1844. p. 24.

Lecture, introductory to the course of Medical Chemistry in the Medical Department of Pennsylvania College, Philadelphia. By WASHINGTON L. ATLEE, M.D. Philadelphia. 1844. (From the Author.)

The Cyclopædia of Practical Medicine. Parts XVIII., XIX., XX. Philadelphia: Lea & Blanchard. 1844. (From the Publishers.)

An Introductory Discourse on Medical Education. By CHARLES A. LEE, A.M., M.D., Professor of General Pathology and Materia Medica in Geneva College. Geneva. 1844. pp. 40. (From the Author.)

Lectures on the Theory and Practice of Physic. By JOHN BELL, M.D., and by WILLIAM STOKES, M.D. Third Edition. 2 vols. 8vo. Philadelphia, 1845: Barrington & Haswell. (From the Publishers.)

Introductory Lecture to a course of Chemistry, delivered by Professor DRAPER, on the relations of Atmospheric Air to Animals and Plants. pp. 16. New York. 1844-5.

Philosophy of Animated Existence; or, Sketches of Living Physics; with discussions of Physiology Philosophical. To which is added a Brief account of the Middle Regions of Georgia. By JOHN B. GORMAN, M.D, pp. 570. Philadelphia. 1845.

The following Medical Journals have been received in exchange:

The Illinois Medical and Surgical Journal.
The St. Louis Medical and Surgical Journal.
The Western Journal of Medicine and Surgery.
The Boston Medical and Surgical Journal.
The Medical News.
The Medical Examiner.
The Southern Medical and Surgical Journal.
The New Orleans Medical Journal.
The Montreal Medical Gazette.
The London and Edinburgh Monthly Journal of Medical Science.
The London Medical Times.
The Provincial Medical and Surgical Journal.
The London Medical Gazette.
The Dublin Medical Press.

☞ All letters in regard to the *business* department of the Journal, and all remittances of money, should be addressed *exclusively* to the publisher, Henry G. Langley; but books for Review, and Communications designed for publication, should be directed, *free of expense*, to the Editor of the New York Journal of Medicine, care of Henry G. Langley. Persons at a distance may direct parcels, paid as above, under cover of Barrington & Haswell, Philadelphia, W. D. Ticknor, Boston, and Wiley & Putnam, London.

☞ Postmasters, it will be borne in mind, are authorized by law to frank letters containing money for the subscription of periodicals.
